

Sue Philip is Teaming up with IODE We Would Like LEPAC to Join

Stampin' up All Occasion Card workshop by Sue Philip

Being a Stampin' Up! demonstrator is so rewarding. Not only do I get to be creative every day, I also get to be a creative coach, offering fresh project ideas and encouragement to my customers and friends. For me, it was my 19 year old daughter Katie that got me hooked on stamping. She has Cerebral Palsy and for her stamping is like therapy for her hands and mind. Helping her every night is special for both of us...Creating that perfect project for a special occasion is about more than just stamps and ink.... it's about sharing a part of yourself with the people in your life.

IODÉ Garry Oak Chapter

IODÉ Canada is a national women's charitable organization. Women of all ages, from all walks of life and educational backgrounds, meet in local chapters for fun, friendship and community volunteerism. Members volunteer with and for people, focusing on Children, Education and Community Services. Each IODE chapter has the independence to choose and support projects in their own community. IODE membership is many things to many people. It is this diversification that holds the interest of the members and attracts other to it. What other organization has so much to offer to so many and in such age groups? The main benefit of belonging to IODE is being part of a like-minded group of women who work together to improve the quality of life for those in need.
